Within the funded fees our wrap around charge is largely inclusive of unfunded hours within the session. However, these fees also consist of extra-curricular activities, Use of the allotment area, consumables, meals, etc.

In accordance with the statutory guidance these extra-curricular activities and additional services charge are offered on a voluntary basis, and we do operate an alternative policy for those parents that may need help with this. However due to our allergy management alternative food/packed lunches are not an option that we are able to accommodate. Please do come and speak to clare or Amelia if you wish to discuss this further.

We offer a 5% discount for siblings, which is applied to the older child. This discount however does not apply if one of the children are in receipt of early years funding.

There is a Late fee of £30 per 15 minutes for any late collections.
